The two faces of the Vendée

Les Sables d'Olonne

First, and best-known, are those long (140 km), **sandy beaches** stretching as far as the eye can see, which characterise the Vendée's seaside resorts. These have long been family favourites for their safety and for the great variety of activities they offer.

Offshore lie the **Island of Noirmoutier** and **the Island of Yeu**. Their whitewashed houses, coloured shutters and Mediterranean-style vegetation add a touch of elegance, a special style so dear to island-lovers.

Surfers and kite-surfers head for the "spots" around La Tranche sur Mer or Saint Gilles Croix de Vie, sites of regular **international championships**.

The seaside is, of course, the place for yacht racing — in which the **Vendée Globe** in **Les Sables d'Olonne** is the undisputed world leader.

SAVE THE DATE

The departure of the next Vendée Globe:

8th November 2020

Maillezais Abbey

The **Vendée's architecture** ranges from Romanesque churches and medieval castles to fishermen's cottages and tiny thatched farmhouses. The 12th-century abbeys of Maillezais and Nieul sur l'Autise stand on the fringes of the tranquil **"Venise Verte", or "Green Venice"**, a charming rural landscape in the heart of the Marais poitevin.

Mervent

For those who prefer a world without cars, it's easy to take to simpler modes of transport such as a horse, a bike, or simply one's feet. Today, **1,800 km of cycleways** lead to every corner, from Fontenay le Comte (Town of Art and History) to Mervent (legendary domain of the French fairy Mélusine), and from the Marais poitevin northward to **the unmissable theme park of Puy du Fou®**.
